

## **Evan S. Loft**

---

### **Board Certification**

American Board of Ophthalmology

### **Education/Post-graduate Training**

Fellowship in Cornea, External Disease,  
and Refractive surgery

Emory University, 2008  
Atlanta, GA

Residency in Ophthalmology

Emory University, 2007  
Atlanta, GA

Preliminary Year in General Surgery

Atlanta Medical Center, 2004  
Atlanta, GA

Doctor of Medicine

Medical College of Georgia, 2003  
Augusta, GA

Bachelor of Sciences

University of Georgia, 1999  
Athens, GA  
Major: Microbiology

### **Medical Affiliations**

Clinical Assistant Professor – Emory University Department of Ophthalmology

### **Medical Licensure**

Georgia, 2004, No. 055255

### **Drug Enforcement Administration Certification**

2007, No. FL0163220

### **Certifications**

Physician Certification Program for VISX Excimer Laser Systems, 2006

Allegretto Wave Excimer Laser Certification, 2007

### **Honors and Awards**

Best Senior Ophthalmology Resident Research Presentation, 2007

Graduated *Magna cum laude with High Honors*, B.S. Microbiology

Phi Beta Kappa Honor Society, 1999

University of Georgia Full Alumni Scholarship, 1995-1999

University of Georgia Honors Program, 1995-1999

University of Georgia Honors Program Academic Achievement Award, 1998

Hope Scholarship, 1995-1999

### **Professional Society Memberships**

The Cornea Society, 2007

American Academy of Ophthalmology, 2004 to present

American Society of Cataract and Refractive Surgery, 2004 to present

Association for Research in Vision and Ophthalmology, 2004 to 2006

## Research Experiences

Research Assistant - Medical College of Georgia – Dept. of Ophthalmology,  
Augusta, GA, 2000-2003

Laboratory Technician

University of Georgia Genetics Laboratory, Athens, GA, 1998

## Bibliography

### Publications in Peer Reviewed Journals

1. Randleman JB, Perez-Straziota CE, Hu MH, White AJ, **Loft ES**, Stulting RD. Higher-order aberrations after wavefront-optimized photorefractive keratectomy and laser in situ keratomileusis. *Journal of Cataract and Refractive Surgery*. 2009; 35: 260-264
2. Randleman JB, **Loft ES**, Banning CS, Stulting RD. Outcomes of Wavefront-Optimized Surface Ablation. *Ophthalmology*. 2007;114: 983-988
3. **Loft ES**, Marcus DM. Wrong-site eye surgery. *Ophthalmic Surgery Lasers & Imaging*. 2004;35:182-184

### Other Publications

1. Stulting RD, **Loft ES**. Blepharoconjunctivitis. *Current Ocular Therapy*. Philadelphia, W. B. Saunders, 2006.
2. Randleman JB, **Loft ES**, Song CD. Ocular Rosacea. *eMedicine Journal*. May 2005; Vol. 2, #8
3. Randleman JB, **Loft ES**, Broocker G. Burns, Chemical. *eMedicine Journal*. May 2005; Vol 2, #5

## Abstracts & Presentations

1. Hebson CB, **Loft ES**, Woodward MA, Randleman JB, Stulting RD. Functional Near Visual Acuity (Pseudoaccommodation) with AcrySof SN60WF Monofocal IOL. 2009; ASCRS Paper
2. Sanka R, **Loft ES**, Randleman JB. Effect of Varying Microkeratome Parameters on LASIK Interface Surfaces. 2009; ASCRS Paper
3. **Loft ES**. Internal eye disorders. Clinical Medicine course of the Mercer University College of Pharmacy and Health Sciences, Atlanta, GA, October 2008/September 2009
4. **Loft ES**, Randleman JB, Banning CS. Higher-Order Aberrations After Wavefront-Optimized Surface Ablation and LASIK. 2007; ASCRS Paper

5. **Loft ES**, Randleman JB, Banning CS, Lynn MJ, Stulting RD. Visual Outcomes after Wavefront-optimized Surface Ablation. 2006; AAO Abstract P0281
6. **Loft ES**, Randleman JB, Banning CS, Stulting RD. The Effect of Microkeratome Parameter Adjustment On Interface Quality. Invest Ophthalmol Vis Sci. 2006; 46: ARVO E-Abstract 3613
7. **Loft ES**. Confocal Microscopy of the Iridocorneal Endothelial Syndrome. Southeastern Cataract, Cornea, and Refractive Surgery Conference, Atlanta, GA, April 2006
8. Randleman JB, **Loft ES**, Banning CS, Vrochopoulos K, Stulting RD. High Order Wavefront Aberration Changes after Wavefront-optimized LASIK. Invest Ophthalmol Vis Sci. 2005; 46: ARVO E-Abstract 843
9. Banning CS, **Loft ES**, Randleman JB, Stulting RD. Visual outcomes after photorefractive keratectomy. Invest Ophthalmol Vis Sci. 2005; 46: ARVO E-Abstract 4349
10. **Loft ES**, Banning CS, Randleman JB, Stulting RD. Early visual recovery after photorefractive keratectomy. Invest Ophthalmol Vis Sci. 2005; 46: ARVO E-Abstract 4384
11. **Loft ES**, Marcus DM: Wrong-site Eye Surgery. Invest Ophthalmol Vis Sci. 2002; 43: ARVO E-Abstract 3501

#### **Extracurricular Activities**

Hospice Atlanta Gala Junior Committee Member and Chair, 2003-2006

Volunteer Healthcare Provider for Migrant Workers, 2002

Golf, water skiing, snow skiing
